EXPERIENCE

WEB DEVELOPER

09/2017 – 11/2024

Vector North America | East Greenwich, RI

- Developed, designed, and maintained 5 company websites in collaboration with international teams in Germany and North America.
- Built a custom-themed microsite using WordPress, resulting in a 20% increase in product evaluation conversions.
- Managed WordPress, Webflow, and Typo3 platforms, providing global support in web development, maintenance, and content management.
- Led the product release cycle on the website, ensuring efficient rollouts and minimal disruptions.
- Created and tested landing pages for Google Ads campaigns to compare conversion rates.
- Monitored and improved existing web applications by tracking performance metrics, resolving technical issues, and implementing ongoing enhancements.

WEB DEVELOPER

12/2011 – 09/2017

Vector Software | East Greenwich, RI

- Led the redesign and ongoing maintenance of a Drupal website, enhancing user experience and site stability.
- Transformed a non-responsive site into a fully responsive, cross-browser-compatible site, boosting mobile usability by 25%.
- Conducted A/B testing on landing pages to compare conversion rates.
- Managed version control using Git to ensure efficient tracking and collaboration during development.
- Implemented SEO strategies that improved website visibility and secured first-page rankings on Google.
- Directed website updates and performance optimizations to enhance speed and user engagement.
